BASEBALL TODAY

The first baseball team of Bryan and the second team will cross bats this afternoon at the Allen Academy grounds. The second team showed up the Hempstead first team and believe they have a chance with the regulars, and the first team generously consented to meet them this afternoon. This is a good move on the part of the boys, as it will give them practice and furnish something of interest to the fans; also help to prepare them for the big battle with Hempstead, which takes place at Navasota next week.

Batteries—First team: Griffin and Vesmirovsky. Second team: Cunningham and Houston.

A NEW KIND OF MELON.

Uncle Dave Foster of Steep Hollow, one of the leading melon growers of the county, was in the city today and presented the editor with a new variety of melon, the first of the kind ever seen here. It is what is known as the "Constellation or Heavenly Melon," and is all that its name implies. It has a deep green rind and is ornamented with as perfect a picture of the moon and stars as any artist could paint. A large round yellow spot, about the size of a silver dollar, represents the moon, and smaller spots make a perfect representation of the stars. And while the outside perfectly represents the starry heavens, the inside is heaven itself.

Mr. Foster has made quite a reputation as a melon grower, having introduced in this county the celebrated "Bradford," and later "Halbert's Honey." The "Constellation" is his latest and no one here ever saw any like them before.

GOOD KANSAS WHEAT YIELD.

Hutchinson, Kan., July 12.—Although the prospects were discouraging at the beginning of the season, wheat experts declare that the wheat yield of Kansas this year promises to be 20,000,000 bushels more than a year ago. Several wheat men of experience who have been looking over the situation, especially in sections where shipping has already begun, express the opinion that the Kansas crop will reach 85,000,000 bushels. Except in spots where the grain was burned, it is predicted that the quality will be good. Corn in western Kansas is in fine shape and Kansas will have the largest oat crop in many years. There are thousands of fields that will make 80 bushels to the acre.

Local Talent at Dixie Last Night.

The people who attended the Dixie Theatre last evening were given a rare treat by the foresight of the management in securing Mr. H. R. Schultz, who has a rare baritone voice, to sing for them. All who heard him are enthusiastic over his rendition of the selections given, which added to the splendid pictures presented and made the evening an enjoyable one indeed.

Mr. S. L. Ball, Jr., played and the people of Bryan are well enough acquainted with his ability to make comment unnecessary.

ONE WAY OUT.

A Resident of Bryan Shows the Way.

Only one way to cure a bad back. Liniment and plasters may relieve it;

They won't cure it. Backache means sick kidneys. Doan's Kidney Pills are for bad kidneys.

Bryan people back them up. Read a case of it: Mrs. John Wittman, 506 S. Wheelock St., Bryan, Texas, says: "I know Doan's Kidney Pills are a remedy of great merit and do not hesitate to recommend them for kidney weakness. A younger member of the family was much annoyed by weak kidneys. About a year ago Doan's Kidney Pills were used, being procured at Emmel's drug store, and they effected a permanent cure. I gladly recommend Doan's Kidney Pills in return for the great good they brought."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.
